

## Tyler Parks and Recreation 2019.3 Release Notes

Jira ID	CRM Case	Type	Primary Program	Notes
REC-2355	NA	Enhancement	Contact Management	The Contact Details page has been renamed Contact Management and redesigned to provide a more family-based structure.
REC-3176	NA	Enhancement	Team Builder	Team Builder lets you create and customize teams and assign players and coaches to those teams from the same location.
REC-3177	NA	Enhancement	Coach's Corner	Coach's Corner lets coaches view their rosters, send messages to team members, share documents and print and export information from the citizen portal.
REC-2263	NA	Enhancement	Memberships	<ul style="list-style-type: none"> <li>Columns titles in the <b>Membership Details</b> section within Membership Sign-In have been updated for usage-based and unlimited location access.</li> <li>A <b>Sign-In Settings</b> section has been added to System Settings to allow tracking from the Membership Sign-In page.</li> <li>An <b>Activities</b> option has been added to the <b>Parks &amp; Rec. Setup</b> section of the <b>Administration</b> tab. Selecting this option opens a new Activities page.</li> <li>An <b>Activities</b> entity has been added to the Location Details page. Multiple activities may be added to a Location. Each activity may be tracked from the location's Membership Sign-In page if the <i>Allow Tracking Activities</i> setting is enabled in System Settings.</li> <li>Any class, activity or membership that is selected using the new Membership Sign-In page will be logged for future reporting reference.</li> </ul>

Jira ID	CRM Case	Type	Primary Program	Notes
REC-2018	NA	Enhancement	Integration Settings	<ul style="list-style-type: none"> <li>• <b>Org-Object-Project Standard Multiple Journals</b> and <b>Long Standard Multiple Journals</b> have been added as new GL Export options for the Munis Financial System. The new formats allow tracking of transaction effective dates that span multiple days.</li> <li>• A <b>Reimbursements Export</b> option has been added in Integration Settings for the Incode 9 and Incode 10 financial systems. This option provides the ability to export in the AP and Reimbursement Export pages or through the Automation Scheduler.</li> <li>• If <b>Incode 10</b> is selected as the <i>Financial System</i> in Integration Settings, enabling the <i>Allow Manual Export</i> setting on the <b>Reimbursements Export</b> card will enable the display of the file export button on the AP Export and Reimbursement Export.</li> <li>• A <i>Paid By</i> column with a format of "'First Name' 'Last Name'" has been added to the Incode V9 Collections Export.</li> </ul>
REC-2429	NA	Enhancement	System-Wide	A <b>Show Me</b> icon has been added throughout the Parks and Recreation application to launch the WalkMe feature that provides on-screen guidance for new and existing processes.
REC-3703	NA	Enhancement	Cashier Setup	An eChecks payment method has been added for the OpenEdge payment gateway.
REC-3126	6897342	Bug Fix	Rental Item	The ability to print the rental registration calendar was missing on the master calendar.

Jira ID	CRM Case	Type	Primary Program	Notes
REC-3162	6889981	Bug Fix	Transaction	A <i>Collected By</i> column has been added to the Transaction Search page to reflect the Tyler Cashiering user name of any employee accepting money in Tyler Cashiering.
REC-3175	NA	Bug Fix	Class Registration	Team-based classes were requiring class schedules to appear in the class registration list in the back office and portal.
REC-3194	6869276, 6894933	Bug Fix	Class Registration	Navigating to <b>My Home</b> was allowing duplicate class registrants to be added to the same class in the Back Office.
REC-3227	7006804	Bug Fix	Contact Address-Portal	The browser auto-complete feature was populating the <i>County</i> field with the full state name when a new contact was added on the portal.
REC-3465	7079165	Bug Fix	Class Registration	A user in the Back Office was logged out and logged back in as another user when navigating to the Pending page within Class Registration.
REC-3516	NA	Bug Fix	System Setup	The System Settings page could not be saved without the re-entry of a password in Email Settings.
REC-3549	NA	Bug Fix	Memberships	If membership periods did not exist in the system, the attempt to create a membership caused an error.
REC-3551	7104766	Bug Fix	Contact	In certain instances, the Contact Search page was timing out when loading contacts.
REC-3616	NA	Bug Fix	System Setup	The <i>From</i> fields in Email Templates were defaulting to admin@tylertech.com.
REC-3643	6859513, 7061766	Bug Fix	Class	The <i>Early Registration</i> and <i>Late Registration</i> fields in Class Details were not saving the time with the date.

Jira ID	CRM Case	Type	Primary Program	Notes
REC-3644	NA	Bug Fix	Tyler Cashiering	The <i>Item ID</i> field in Tyler Cashiering was not filtering by invoice number in searches for Parks and Recreation invoices.
REC-3645	7139697	Bug Fix	Transaction	The <i>Processed By</i> field on the Transaction Search page was displaying <b><i>parksrecsystem@tylertech.com</i></b> instead of the user's email for refunds.
REC-3719	NA	Bug Fix	Transaction	The <i>Processed By</i> and <i>Department</i> fields were displayed incorrectly on the Transaction Search page for any transactions processed in Tyler Cashiering. The <i>Collected By</i> column on the Transaction Search page has been hidden for any customers not using Tyler Cashiering.
REC-3840	NA	Bug Fix	Transaction	The <b>What Next?</b> menu options have been re-added to the receipt page upon completing any transaction in the back office.
